PROFESSIONAL SUMMARY

Dynamic and results-driven creative professional with over 6 years of hands-on experience in graphic design, web development, video editing, Printing, Branding and computer operations. Founder and CEO of Sam Hector Technologies, delivering high-quality visual and digital solutions to clients across multiple sectors. Adept at managing end-to-end design projects — from concept and branding to final delivery — while maintaining strong client relationships. Passionate about leveraging design and technology to solve real-world problems and drive business growth. Available for immediate engagement, including remote opportunities. Skilled in delivering high-quality visual content and functional websites. A fast learner currently pursuing university education while actively building practical skills in the creative and digital industry. Self-motivated Web Developer building scalable, responsive, and user-centric web applications. Proficient in HTML, CSS, JavaScript (React, Node.js), and database management. Spearheaded a UI overhaul for an e-commerce platform that increased client conversion rates by 40%.

PROFESSIONAL EXPERIENCE

Typist, Designer & Computer Operator

Ms. Computer — COHSTK | Keffi, Nasarawa State **Jan 2026**

- Produce typed, formatted, and print-ready documents for students and staff at a high-volume typing centre.
- Design academic and promotional materials including certificates, forms, and posters on request.
- Operate and maintain computer systems, ensuring smooth daily workflow and uptime.
- Provide technical support and basic troubleshooting for hardware and software issues.

CEO / Founder — Graphic Designer, Web Designer & Computer Operator

Sam Hector Technologies | Karu, Nasarawa State **2019 – Present**

- Founded and operate a full-service creative studio offering graphic design, web development, video editing, and computer services.
- Designed brand identities — logos, flyers, banners, and print materials — for 50+ individual and business clients.
- Built and maintained responsive websites and managed digital presence for small businesses using HTML, CSS, JavaScript.
- Produced promotional video content and motion graphics for social media campaigns, increasing client engagement.
- Handled end-to-end project management: client briefings, concept development, revisions, and timely delivery.
- Managed day-to-day computer operations, data entry, file management, and technical support.

Graphic Designer

Trumpet of Holiness Assembly Ministry | Damaturu, yobe State **2022 – 2026**

- Designed all church graphic materials including event posters, banners, flyers, social media visuals, and programme booklets.
- Maintained consistent visual branding across print and digital platforms for ministry communications.
- Collaborated with ministry leadership to translate vision and themes into compelling design concepts.
- Managed design archives and print production coordination with external vendors.

Freelance Graphic Designer & Video Editor

Self-Employed | Sabon Gari, Keffi **2022 – Present**

- Delivered custom graphic design, photo editing, and video editing services for individuals and small businesses.
- Developed simple, responsive websites for local entrepreneurs and community organisations.
- Created engaging social media visuals and short-form promotional video content tailored to client audiences.
- Built a loyal client base through referrals, demonstrating consistent quality and professional delivery.
